

Yes...it's that time of year once again.  
Time to order your **FRESH** Thanksgiving turkey  
from Nori's Village Market.

This year, we are proud to offer both organic and GMO-free fresh turkeys.

We are showcasing **Red Gate Grocer**  GMO-free fresh turkeys.  
Daniel King at Kendaia Natural Growers in Ovid NY  
is responsible for raising these beautiful Seneca County turkeys!  
(Ovid NY is just 36 miles from our distributor in Ithaca).

We are also continuing our tradition of offering  
**Mary's Free Range Organic Turkeys**

Mary's Free Range turkeys are raised in the hills of sunny California by multiple family farms where the turkeys have access to outdoors and sunshine year round. Some growers (for the comfort and safety of the birds) keep them indoors during the winter months. Mary's Free Range turkeys are allowed 4 times the amount of space that is provided on most commercial ranches. Mary's Free Range turkeys are hand processed in a small family owned and operated processing plant. Slow line speeds in the plant allow for more time and care with each turkey during the harvesting process.

There is no deadline for ordering. However we do encourage you to reserve one **as soon as possible** to guarantee one of these lovely birds on your Thanksgiving table!

### **How does it all work?**

- You provide us with your name and phone number (no pre-payment is needed).
  - We call you as soon as the turkeys arrive – Red Gate birds arrive on the Thursday the 15<sup>th</sup> and Mary's birds arrive Saturday the 17<sup>th</sup>.
  - You then have until Wednesday the 21<sup>st</sup> to pick up your fresh bird.
    - All birds are processed in time to be cooked on Thanksgiving.
- (Never freeze your turkey unless you are *not* going to cook it on Thanksgiving.)

Here are our offerings:

**GMO-Free Turkey is \$4.69 lb**

We have a range of sizes for you to choose from:

12-14 lbs 14-16 lbs 16-18 lbs 18-22 lbs

**Organic Turkey is \$5.99 lb**

We have a range of sizes for you to choose from:

8-12 lbs 12-16 lbs 16-20 lbs

### Bird Sizing & Yield

When purchasing a turkey, the general rule of thumb for cooked yield is one pound of pre-cooked bird to each person. (If you have heavy eaters or want plenty of left-overs, we recommend 1½ lbs per person.)

### Turkey Sizing

Please understand we make every attempt to procure a bird within the size range that you request. However, should our distributor run short on turkeys of a particular size, we will substitute the closest available size. We appreciate your understanding and flexibility in these circumstances.

We look forward to assisting you with all of your holiday dining preparations. Please call or stop by to place your turkey order today!
